Empowering the Heart

A SHEN® Personal Empowerment Workshop

Hammersmith, London

Friday May 20th – Thursday May 26th 2022

SHEN® is scientifically researched and can enhance emotional well-being and balance by releasing chronic pain, stress, burn-out, anxiety, migraines, panic attacks, sleeping problems, uncleared grief, past trauma, phobias, eating disorders, emotional and sexual abuse, and by accelerating physical healing from injuries and operations

A SHEN® workshop can be a fresh start for you. Anyone can attend the workshop. It is a powerful path to resolving personal issues which may hold you back in life, and many participants attend purely to receive a concentrated number of sessions for their own emotional healing and balance. It's a great opportunity to release somatically held emotion. Many participants report significant personal changes.

During this fully experiential workshop you will receive 21 SHEN® sessions. You will learn how to use SHEN® to help your family and friends as you and your classmates are guided through the core SHEN® techniques. SHEN® is a powerful yet gentle process, one that can be used safely with the elderly as well as with small children. If you work in counselling, nursing, psychotherapy, care-giving, natural therapies, body work and energy work, it's an ideal forum for learning fundamental SHEN® techniques to help others, as well as for your own unfolding.

SHEN® is easy to learn; we use a comprehensive handbook and a set of clear table charts that are yours to keep after the workshop. SHEN® workshops hours are from 9.15 am to 6.00pm. The workshop fee includes tuition, course manual, morning and afternoon tea.
